# ENERGY

Ronan Daly Jermyn (RDJ) is a leading Irish law firm with offices in Cork and Galway. With a total staff of over 140, RDJ advises Irish and international businesses on a broad range of matters. We offer a partner-led service working closely with our clients to ensure their legal requirements are fulfilled in a cost effective and timely fashion.

RDJ has been advising clients in the renewable energy sector for a number of years. Our team offers clients a wealth of experience drawing from various disciplines within the firm, including corporate, property, tax, projects and environment.
